

KATIE REILLY

Graduated from Scoil Uí Mhuirí
2014

Hey everyone, my name is Katie Reilly and I graduated from Scoil Uí Mhuirí in 2014. I then began a two year Childhood Education and Special needs assisting course in Drogheda Institute Of Further Education.

I started in September 2014,
and finished my course in May 2016.

I am now working as a full time special needs assistant in a full-time crèche and I love it! The opportunities available in terms of third-level education are infinite! I am delighted that I completed a post-leaving cert course because it was ideal for what I wanted to do in my career.
