

AMY BYRNE

Graduated from Scoil Uí Mhuirí
2014

My name is Amy Byrne and I left Scoil Uí Mhuirí after completing my leaving cert in 2014. I am now currently studying Psychology in DCU. Psychology is such a wonderful course and DCU is such a fantastic college! I plan to go on and complete a masters and hopefully a Phd in psychology so I can eventually become a clinical psychologist and work in a psychiatric unit. I know secondary school and especially the leaving cert can seem impossible at times and you may feel like giving up, but don't just presume you can't do a certain career or course because everyone else says it's hard or the points are too high! There are numerous routes into every career and you're more than capable for what is ahead.
